## CLASS DESCRIPTIONS

**Warm Yin Restorative\*** - Similar to Restorative, this is a quiet, meditative practice - and the perfect compliment to more dynamic and muscular styles of yoga. Postures are done lying passively on the floor in a heated room. The combination of long-held, passive stretching and heat works to improve flexibility and joint mobility. This practice is suitable for students of all levels, from Beginner to Advanced.

**Yoga Ballet Barre\*\*** - This workout class fuses ballet and yoga in a unique way to target all of the major muscle groups with simple and repetitive ballet barre exercises. The strength work is immediately complimented with corresponding yoga poses to increase flexibility and improve balance. Ballet experience is not required, but this class is sure to inspire the dancer in you!

**Deep Stretch\*** - If you are looking to focus on enhancing your flexibility, this class can help you. Each posture will be mindfully held for several breaths allowing your body to respond to the stretch to increase flexibility.

**Yoga Tone\* (available in hot and non-hot)** - This intense yoga class is designed to boost your metabolism and build lean muscle mass as you mix strength training exercises into your yoga practice.

**Yoga Tune Up®\* (YTU)** – YTU playfully combines elements of yoga, calisthenics, body therapy and stress reduction. The poses, sequences and routines found in YTU quickly identify and strengthen 'body blind spots' - areas of the body that tend to get underused and are typically the catalyst for pain and injury. YTU approaches the body as a living archaeological dig, probing layers of muscles, tendons, connective tissues and joints, ultimately excavating unhealthy tension patterns and moving you back into physiological balance.

**Yoga and Weights\*\*\*** - A class built around yoga shapes that combines cardiovascular and weight training for total body conditioning. Come prepared to work hard, sweat and enjoy the benefits of adding weights and cardio to your yoga practice.
